## **Cronos Group and Ginkgo Bioworks Announce a Landmark Partnership to Produce Cultured Cannabinoids**

*Leading Companies from Emerging Industries Join Forces to Efficiently Produce High-Purity Cannabinoids at Scale*

**Boston, Mass. and Toronto, Ont. – September 4, 2018 /CNW/–** Today, Cronos Group Inc. (NASDAQ:CRON) (TSX: CRON) (“**Cronos Group**”), a geographically diversified and vertically integrated cannabis group, and Ginkgo Bioworks Inc. (“**Ginkgo**”), the organism company, announced a landmark partnership to produce cultured cannabinoids. Using its platform technology for organism design and development, Ginkgo will complement Cronos Group’s technologies for producing a full spectrum of cannabinoids. As part of this unprecedented deal, Cronos Group has agreed to issue a specific number of common shares in tranches subject to Ginkgo’s achievement of certain production milestones.

As two of the leading companies in their respective industries, Cronos Group and Ginkgo believe that they are best-suited to unlock the potential of innovation in the cannabis industry. Cronos Group brings a deep understanding of the plant’s biological structure and function, while Ginkgo brings 10 years of experience designing microorganisms for the production of cultured products across pharmaceuticals, agriculture, flavors, fragrances, and more.

Cannabinoids span a range of molecules with different properties, and ongoing research has demonstrated potential medicinal uses for indications such as chronic pain, nervous disorders, nausea, weight loss, and some mental illnesses. However, many pharmaceutically relevant cannabinoids are present only at very low quantities in the cannabis plant, making them economically impractical, difficult or impossible to extract at high purity and scale. The landmark partnership between Cronos Group and Ginkgo will leverage the expertise of both organizations to solve this challenge and make more accessible the benefits of cannabinoids in an economically sustainable way.

“Cronos Group is building the world’s most innovative cannabinoid platform,” said Mike Gorenstein, CEO of Cronos Group. “The potential uses of cannabinoids are vast, but the key to successfully bringing cannabinoid-based products to market is in creating reliable, consistent, and scalable production of a full spectrum of cannabinoids, not just THC and CBD. We are thrilled to partner with Ginkgo; their biological engineering capabilities and disruptive technology platform are unrivaled. Together we can revolutionize the cannabis industry.”

“Legal cannabis is a multibillion-dollar industry with no signs of slowing down, but providers will need to innovate to keep up with demand for better products, including those taking advantage of rare and difficult to extract cannabinoids,” said Jason Kelly, CEO and co-founder of Ginkgo Bioworks. “Engineering strains of yeast that can produce these cannabinoids via fermentation is a perfect fit for our organism design platform and we are excited to be working with Cronos Group as they lead the way to high-quality cannabinoid treatments.”

### **Partnership Details**

Cronos Group’s wide-ranging portfolio of cannabis products is empowered by its deep expertise in plant genetics. With access to an array of varieties and a diverse set of production methodologies, Cronos Group has gathered extensive data on cannabinoids and their properties, ultimately learning from and using the plant to generate blueprints for best-in-class, full spectrum cannabinoid recipes.

Ginkgo’s platform for engineering biology is powered by state-of-the-art automation and custom-built software used to design and print DNA. With the world’s largest library of designed DNA sequences, Ginkgo has extensive expertise in the biology of enzymes for the production of molecules used in industries from flavor and fragrance to food to pharmaceuticals. By transferring the DNA sequences for cannabinoid production into yeast, Ginkgo expects to develop strains that produce cultured cannabinoids at high quality and purity in a process similar to brewing beer in a microbrewery. In addition to allowing for the efficient and scalable production of cannabinoids, the use of Ginkgo’s platform is expected to unlock access to potentially medically-important and valuable cannabinoids that are present only in low quantities in the plant.

The partnership between Ginkgo and Cronos Group will focus on the scalable and consistent production of a wide range of cannabinoids, including THC, CBD and a variety of other lesser known and rarer products. These cultured cannabinoid molecules are identical to those extracted from the plants grown with traditional methods, but are created by leveraging the power of biological manufacturing via fermentation.

### **Partnership Transaction Terms**

Under the exclusive partnership, Ginkgo will work with Cronos Group on research and development of microorganisms capable of producing certain target cannabinoids in a scalable and highly efficient manner. Cronos Group will fund certain R&D and foundry expenses expected to be approximately US\$22 million subject to the achievement of certain milestones. In addition, upon Ginkgo's demonstration that the microorganisms are capable of producing the target cannabinoids above a minimum productivity level, Cronos Group will issue up to approximately 14.7 million common shares in the aggregate, in accordance with the milestone allocations described below. The common shares allocated were based on the 60-day VWAP for Cronos Group common stock of US\$6.81 as of July 17, 2018, when the letter of intent was executed by both parties. The transaction had an aggregate value of US\$100 million assuming all milestones are met. Tranches of these common shares will be issued once each of the target cannabinoids can be produced for less than US\$1,000 per kilogram of pure cannabinoid at a scale of greater than 200 liters as follows: THC(A), 20%; CBD(A), 15%; CBC(A), 10%; CBG(A), 10%; THCV(A), 15%; CBGV(A), 10%; CBDV(A), 10%; CBCV(A), 10%.

Cronos Group will have the exclusive right to use and commercialize the key patented intellectual property related to the production of the target cannabinoids globally. All R&D work undertaken by Ginkgo will be conducted in compliance with all U.S. federal laws regarding controlled substances and Ginkgo is coordinating activities closely with both Federal and State agencies. Cronos Group intends to produce and distribute the target cannabinoids globally and has received confirmation that this method of production is permitted under the *Cannabis Act* (Canada) – the legal framework that will regulate cannabis in Canada.

This landmark deal will bring the power of biological manufacturing to the cannabis industry, allowing for cannabinoid production at large scale and with greater efficiency than is currently possible with traditional growing and extracting methods.

**5. Full Description of Material Change**

On September 4, 2018, the Company and Ginkgo announced that they had entered into the Agreement to produce cultured cannabinoids. Using its platform technology for organism design and development, Ginkgo will complement the Company’s technologies for producing a full spectrum of cannabinoids. Pursuant to the Agreement, the Company has agreed to issue a specific number of Common Shares in tranches subject to Ginkgo’s achievement of certain production milestones.

The Company and Ginkgo believe that they are well-positioned to unlock the potential of innovation in the cannabis industry. The Company brings a deep understanding of the plant’s biological structure and function, while Ginkgo brings 10 years of experience designing microorganisms for the production of cultured products across pharmaceuticals, agriculture, flavors, fragrances, and more.

Cannabinoids span a range of molecules with different properties and potential uses. These cultured cannabinoid molecules are identical to those extracted from the plants grown with traditional methods, but are created by leveraging the power of biological manufacturing via fermentation.

Pursuant to the Agreement, Ginkgo will work with the Company on research and development ("**R&D**") of microorganisms capable of producing certain target cannabinoids in a scalable and highly efficient manner. The Company will fund certain R&D and foundry expenses expected to be approximately US\$22 million, subject to the achievement of certain milestones. In addition, upon Ginkgo's demonstration that the microorganisms are capable of producing the target cannabinoids above a minimum productivity level, the Company will issue up to approximately 14.7 million Common Shares in the aggregate (subject to customary anti-dilution adjustments) in accordance with the milestone allocations described below. The Common Shares allocated were based on the 60-day volume weighted average closing price for the Company's Common Shares of US\$6.81 as of July 17, 2018, when the letter of intent was executed by both parties. The transaction had an aggregate value of US\$100 million assuming all milestones are met. Tranches of these Common Shares will be issued once each of the target cannabinoids can be produced for less than US\$1,000 per kilogram of pure cannabinoid at a scale of greater than 200 liters as follows: THC(A), 20%; CBD(A), 15%; CBC(A), 10%; CBG(A), 10%; THCV(A), 15%; CBGV(A), 10%; CBDV(A), 10%; CBCV(A), 10% (each, an "**Equity Milestone Event**").

All R&D work undertaken by Ginkgo will be conducted in compliance with all U.S. federal laws regarding controlled substances and Ginkgo is coordinating activities closely with both Federal and State agencies. The Company intends to produce and distribute the target cannabinoids globally and has received confirmation that this method of production is permitted under the *Cannabis Act* (Canada) – the legal framework that will regulate cannabis in Canada.

Pursuant to the Agreement, if the Company undergoes a change of control (as defined in the Agreement) that has been approved by the Company's board of directors (an "**Approved Change of Control**"), Ginkgo may elect to receive cash payments, totalling up to US\$100 million, in lieu of the Common Shares that would otherwise become issuable in connection with any Equity Milestone Events achieved following such election (the "**Milestone Cash Election**"). If the Company undergoes a change of control (as defined in the Agreement) other than an Approved Change of Control, then Ginkgo will have the ability to terminate the Agreement immediately, in which case, among other things: (i) all intellectual property and other rights or licenses granted to the Company by Ginkgo under the Agreement will terminate; (ii) certain expenses and costs incurred by Ginkgo will be accelerated and become due immediately, payable by the Company; (iii) the then-outstanding and unpaid portion of all cash payments from the Company to Ginkgo for the achievement of R&D milestones by Ginkgo shall be due immediately as if all R&D milestones had been achieved; and (iv) a lump sum cash payment equal to the aggregate of all Milestone Cash Election amounts in respect of which the relevant Equity Milestone Events have not yet been achieved will be immediately due and payable by the Company.

The description of the Agreement set forth above is a summary only and is qualified in its entirety by the full text of the Agreement, a copy of which is available on the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com) and EDGAR at [www.sec.gov](http://www.sec.gov).

Each TDP will relate to a single Target Cannabinoid. The Parties expect to undertake at least eight (8) Programs, with each Program relating to a single Target Cannabinoid of the Initial Target Cannabinoids. Ginkgo, itself or through a Subcontractor, will perform the Development and Scale Up the Target Cannabinoids in accordance with its applicable TDP, including through use of the Foundry IP (“Technical Services”). The Parties may collaborate on multiple TDPs at any one time, and the TDPs may have different start and end dates. The Collaboration shall be conducted by each Party in good scientific manner, and in compliance with all applicable Laws. Each Party shall maintain laboratories, offices and all other facilities at its own expense and risk necessary to carry out its responsibilities under the Collaboration pursuant to each Technical Development Plan.

### 2.2 Technical Development Plans.

(a) Overview. Under the Collaboration, each Target Cannabinoid shall be Developed and Scaled Up by the Parties in accordance with this Agreement and a Technical Development Plan. The Parties shall use good faith efforts to agree on a Technical Development Plan for each of the Initial Target Cannabinoids within ninety (90) days of the Effective Date. Each Technical Development Plan will be used by the JSC (defined below in Article 7) to track progress and to allocate resources. A Technical Development Plan shall only be amended by written agreement of the Parties.

(b) Form. Each TDP will be in the format attached hereto as Exhibit A. For each TDP, upon its completion and execution by both Parties, such TDP will be incorporated herein by reference and be deemed attached hereto as part of Exhibit A. Each TDP for a Program will (i) set forth the details of the applicable Program mutually agreed by the Parties, including, but not limited to: (A) identification of the specific Target Cannabinoid to which the TDP applies; (B) the technical work plan, including the tasks to be performed, the timeline and duration of such tasks, and the Party responsible for such tasks; (C) the deliverables and Milestones under such TDP; (D) whether a portion of the Technical Services would be provided by a Ginkgo Subcontractor and, if so, the identity of the Subcontractor and whether that portion of the Technical Services will be performed at such other Subcontractor's facility (for clarity, Ginkgo (and not Cronos) will subcontract and interact with a Third Party Subcontractor in connection with its performance of any portion of the Technical Services for a specific TDP); and (ii) be executed by each of Ginkgo and Cronos.

### 2.3 Development and Scale Up Efforts.

(a) Ginkgo shall use Commercially Reasonable Efforts to Develop Collaboration Strains that produce Target Cannabinoids in accordance with a Technical Development Plan in substantially the form attached as Exhibit A.

(b) Upon completion of Development activities under a TDP with respect to Collaboration Strains so that, as determined by the JSC, it is reasonable to believe that Scale Up will be achieved, the Parties will mutually agree on one or more Third Party manufacturers or Cronos Affiliates to Scale Up production of the corresponding Target Cannabinoid using the relevant Collaboration Strain(s). Ginkgo will transfer Collaboration Strains to the agreed upon Person(s) in accordance with Section 2.8(b). Ginkgo shall have the right to independently engage the agreed upon Person(s) for such Scale Up, provided that Cronos shall reimburse Ginkgo for any reasonable and documented out-of-pocket direct costs incurred by Ginkgo in connection with the Scale Up pursuant to Section 5.2.

(c) When reasonably requested by Ginkgo, Cronos shall use Commercially Reasonable Efforts to assist Ginkgo in performing the Development and Scale Up activities under the Collaboration.

(d) Ginkgo shall not commence any portion of Development or Scale Up activities (including, without limitation, any materials transfer pursuant to Section 2.8 hereof) requiring regulatory approvals and permits until Ginkgo has obtained such regulatory approvals and permits (including, without limitation, US Drug Enforcement Agency registration and applicable U.S. state agency approvals) required for Ginkgo to legally and validly perform the Development and Scale Up. For clarity, where portions of Development or Scale Up activities do not require regulatory approvals and permits, or to the extent that Ginkgo has already obtained certain regulatory approvals and permits, Ginkgo shall perform such portions of the Development or Scale Up activities permitted under applicable Law upon the execution of any TDPs.

2.4 Manufacturing and Commercialization. Upon the successful completion of all Milestones under a TDP, as determined by the JSC:

(a) Ginkgo shall present the JSC with a reasonable number of candidate Collaboration Strains for Manufacturing the Target Cannabinoid of the completed TDP. The JSC will select one (1) Collaboration Strain, from the candidates presented, to be transferred in accordance with Section 7.1(a). Ginkgo shall transfer the selected Collaboration Strain, in accordance with Section 2.8(c). For greater clarity, only one Collaboration Strain will be required to be transferred per successful TDP, unless otherwise agreed to by the Parties.

(b) Cronos shall select one or more Third Party manufacturers, Cronos itself, or one of Cronos' Affiliates to Manufacture and Commercialize each Cronos Product from a Collaboration Strain transferred pursuant to 2.4(a). Cronos shall bear all costs associated with (1) the Manufacture of Target Cannabinoids that are the subject of any completed TDPs and (2) Commercialization of Cronos Products.

2.5 New Target Cannabinoids. Cronos may propose to the JSC that a Non-Target Cannabinoid be deemed a New Target Cannabinoid hereunder, and upon mutual written agreement of the Parties and the execution of a Technical Development Plan (which written agreement and/or Technical Development Plan will include additional financial and Development terms for such New Target Cannabinoid), such Non-Target Cannabinoid will become a New Target Cannabinoid hereunder.

2.6 Freedom to Operate ("FTO"). During the Term, the Parties will cooperate to ensure that the use of any Collaboration Strains for Scale Up pursuant to Section 2.3(b), on a reasonable search and analysis, will not infringe any valid IP of any Third Parties ("FTO"). Such cooperation may include, as mutually agreed upon by the Parties, conducting patent database searching or legal analysis (the costs of which will be mutually agreed upon and equally shared by the Parties). The Parties shall discuss FTO in confidence and shall cooperate, in light of their common interest therein, to take appropriate measures, including, without limitation, obtaining licenses, designing non-infringing alternatives, or attacking the validity or enforceability of such Third Party rights. For clarity, ensuring FTO with respect to any particular item of Third Party IP means arriving at a mutual judgment, not to be unreasonably withheld by either Party, that a tribunal is more likely than not to conclude, upon reasonable analysis, that the Third Party IP is not infringed by the Collaboration Strain or its use or that the Third Party IP is invalid.

2.7 Exclusive Collaboration. With respect to each Target Cannabinoid, commencing on the Effective Date and continuing until the earlier of:

(a) ten (10) years from the termination of this Agreement pursuant to Section 8.3;

(b) two (2) years following the termination of a TDP for such Target Cannabinoid pursuant to Section 8.2(b), unless (1) another TDP exists for such Target Cannabinoid or (2) Cronos has completed the payments and/or issuance required in the event of a No-Go decision with respect to such Target Cannabinoid pursuant to Section by 8.2(b)(ii), in which case Section 2.7(c) applies;

(c) five (5) years following the completion of the payments and/or issuance required in the event of a No-Go decision with respect to such Target Cannabinoid pursuant to Section by 8.2(b)(ii); or

(d) ten (10) years following the Equity Milestone Issuance with respect to such Target Cannabinoid,

the Breaching Party will not, in the case of Section 2.7(a), and neither Party will, in the case of Sections 2.7(b)-(d), contract with a Third Party for the Development, Scale Up, Manufacture, or Commercialization of any microbial organisms for that Target Cannabinoid without express written permission from the other Party. For greater clarity, upon the successful achievement of all Milestones under a TDP, the time period set out in subsection (d) will apply, not the time periods set out in subsections (b) or (c).

## 2.8 Materials Transfer.

(a) To facilitate the Collaboration and subject to applicable Law, either Party may provide materials (including, without limitation, Cronos Material Samples) to the other. Except as explicitly provided elsewhere in this Agreement, all such materials shall be considered the Confidential Information of the Party providing such material and shall be used by the receiving Party solely for purposes of exercising its rights and performing its obligations under this Agreement. Any and all compounds, biological materials, reagents, assays, and other materials that are provided by one Party to the other Party hereunder and that are not entirely consumed during the Collaboration, as well as any Confidential Information relating thereto, shall all be returned to the providing Party or destroyed promptly upon the completion of the Collaboration, except as otherwise explicitly provided herein with respect to particular materials. The destruction of such materials shall be certified in writing. Except with the prior written consent of the other Party, a Party shall not make any such materials provided by the other Party available to Third Parties.

(b) To facilitate the Scale Up of any Target Cannabinoid, Ginkgo will transfer to the Person(s) selected in Section 2.3(b) a seed bank sufficient to support Scale Up of the Target Cannabinoid, from Collaboration Strains agreed upon by the JSC, (a "Scale Up Transfer"). Ginkgo will provide to such Person(s) a limited, site-specific license to the transferred Ginkgo Background IP, Collaboration Strains, and Collaboration Strain and Process IP, solely for the time reasonably necessary and solely to the extent required to Scale Up said Target Cannabinoid using the transferred Collaboration Strains. The Scale Up Transfer will be effected pursuant to a strain transfer agreement on terms reasonably acceptable to Ginkgo and Cronos. Between Ginkgo and Cronos, Cronos will bear all costs associated with such Scale Up Transfer.

(c) To facilitate the Manufacture and Commercialization of each Target Cannabinoid of a completed TDP, Ginkgo will transfer to the Person(s) selected in Section 2.4(b), a seed bank sufficient to support Manufacture of that Target Cannabinoid of the Collaboration Strain selected in Section 2.4(a) (a “Manufacture Transfer”). The Manufacture Transfer will be effected pursuant to a strain transfer agreement on terms reasonably acceptable to Ginkgo and Cronos. For clarity, the Manufacture Transfer will be documented in strain transfer agreements on a Collaboration Strain by Collaboration Strain basis. If the Person selected in Section 2.4(b) is not Cronos, the Person will be granted a sublicense pursuant to Section 4.2 to be documented in the strain transfer agreement to effect the Manufacture Transfer. Between Ginkgo and Cronos, Cronos will bear all costs associated with such Manufacture Transfer. If the Person selected in Section 2.4(b) is in possession of sufficient quantities of the relevant Collaboration Strain for the Manufacture of Target Cannabinoids of completed TDPs due to Scale Up activities, then no additional transfer will be required, provided that the strain transfer agreement for the Scale Up Transfer covers Manufacturing activities.

2.9 Collaboration Results. Once each Calendar Quarter Ginkgo will provide reports on its technical progress relating to the Development and Scale Up of Target Cannabinoids under all existing TDPs to the JSC. Such reports will include supporting documents, such as laboratory records, test results, plans, and other data that may reasonably be requested by the JSC. Any information disclosed by Ginkgo to Cronos pursuant to this Section 2.9 shall be considered Confidential Information of Ginkgo and may be used only in accordance with rights expressly granted under this Agreement. The JSC may also agree to other meetings or other conferences as deemed reasonably necessary by members of the JSC.

2.10 Collaboration Records. Ginkgo and Cronos shall each maintain complete and accurate records of all of its work conducted in the performance of the Collaboration and all results, data, inventions, and developments made in the performance of the Collaboration. Such records shall be in sufficient detail to support patent prosecution and enforcement and submission to FDA and other regulatory authorities and shall be kept in accordance with good scientific protocol. The Parties shall make such records available to the JSC or the project coordinators upon reasonable request and shall retain such records for the longer of at least six (6) years following the termination or expiration of this Agreement or until six years after the expiration of any patent that is patented Foreground IP, or for such longer period as may be required by applicable Law.

2.11 Subcontracting. Either Party may subcontract to Affiliates or other Third Parties (“Subcontractors”) any of its obligations under this Agreement. Any such subcontract shall be subject to the relevant terms and conditions of this Agreement and shall contain (i) confidentiality terms no less stringent than those set forth in Article 9 hereof, (ii) representations and warranties of the Subcontractor consistent with those set forth in Section 10.1(i) hereof and (iii) assignment of inventions provisions consistent with the requirements of this Agreement. Unless otherwise agreed in writing or expressly provided herein, any fees or costs due to any such Subcontractor shall be at the sole expense of the Party engaging the relevant Subcontractor. For clarity, a Third Party who is merely a vendor providing goods or services (e.g., for synthesis of oligonucleotides) and is not delegated responsibility for performing under this Agreement is not a Subcontractor.

2.12 Compliance with Anti-Corruption Law. In carrying out their responsibilities and exercising their rights under this Agreement, the Parties shall comply with all applicable anti-corruption Laws in the countries where the Parties have their principal or other places of business and where they conduct activities under this Agreement.

2.13 Certain Covenants regarding Anti-Corruption. Each Party represents and warrants to the other Party that neither it nor any of its directors, employees, agents, or consultants will directly or indirectly pay or give or promise to pay or give anything of value to any government official or a foreign public official for purposes of (a) influencing any act or decision of any such person in his official capacity; (b) inducing such person to do or omit to do any act in violation of the lawful duty of such official; (c) securing any improper advantage; or (d) inducing such person to use his position to affect or influence any act or decision of government or any legislative, administrative, public agency or other public body, in all cases with respect to any activities undertaken relating to this Agreement. Additionally, the Parties will make reasonable efforts to comply with requests for information, including answering questionnaires and narrowly tailored audit inquiries, to enable the other Party to ensure compliance with any applicable anti-corruption Laws.

2.14 Breach of Anti-Corruption Covenants. The Parties agree that a breach of the anti-corruption commitments in Sections 2.12 and 2.13 shall be considered a material breach of this Agreement and that either Party may immediately seek all remedies available under Law and equity if the covenants under the anti-corruption commitments in Sections 2.12 and 2.13 have been breached by the other Party, without owing to the other any damages or indemnification resulting solely from such termination.

### 3. INTELLECTUAL PROPERTY RIGHTS

3.1 Inventorship. The Parties agree that the United States federal Patent Law on inventorship shall determine the inventorship of any invention which arises in connection with the Collaboration.

#### 3.2 Ownership.

(a) Ginkgo Background IP. Nothing in this Agreement shall be deemed to grant Cronos any rights to own, use, make, sell, or access any Ginkgo Background IP or other Patent Rights or IP of Ginkgo other than as expressly provided herein in Section 4.5.

(b) Cronos Background IP. Nothing in this Agreement shall be deemed to grant Ginkgo any rights to own, use, make, sell, or access any Cronos Background IP or other Patent Rights or IP of Cronos other than as expressly provided herein.

(c) Collaboration Strain(s), Foreground IP and Foundry IP.

(i) All Collaboration Strains, Foreground IP other than Foreground Application IP (i.e., including but not limited to Collaboration Strain and Process IP), and Foundry IP, is and shall be owned solely by Ginkgo. Cronos hereby assigns to Ginkgo all right, title, and interest it or its Affiliates may have in and to all Collaboration Strains, Foreground IP other than Foreground Application IP, and Foundry IP, and agrees to sign all documents as requested evidencing such assignment.

(ii) All Foreground Application IP is and shall be owned by Cronos. Ginkgo hereby assigns to Cronos all right, title, and interest it or its Affiliates may have in and to all Foreground Application IP and agrees to sign all documents as requested evidencing such assignment.

(d) Employee/Representative Assignments. Each Party shall ensure that any and all employees, consultants, contractors, and others who perform activities under or contemplated by this Agreement do so pursuant to a binding agreement that assigns and/or confirms prior assignment of, his/her/their entire right, title, and interest in any IP to the Party for which such employee or representative is providing his/her services.

### 3.3 Intellectual Property Prosecution and Enforcement.

(a) IP Lead. Ginkgo will have the sole responsibility, at its sole cost and expense, for the preparation, filing, prosecution (including any reissue proceedings, reexaminations, oppositions, and post-grant administrative proceedings) and maintenance of all patent applications and patents within Ginkgo Background IP, Foundry IP, and all Foreground IP that is not Foreground Application IP. Cronos will have the sole responsibility, at its sole cost and expense, for the preparation, filing, prosecution (including any reissue proceedings, reexaminations, oppositions, and post-grant administrative proceedings) and maintenance of all patent applications and patents within Cronos Background IP and Foreground Application IP. Each Party shall use commercially reasonable efforts to prosecute and maintain all Foreground IP for which it has such responsibility.

(b) Mutual Commitments. Each Party will be provided with meaningful participation in decisions relating to inventions within Foreground IP. The Parties will coordinate (via the Joint Steering Committee, as set out in Section 7.1, or designated IP Subcommittee thereof, as set out in Section 7.2) to determine what, if any, unpatented Collaboration Strain and Process IP will be the subject of a patent application. In the event that a Party considers particular Collaboration Strain and Process IP subject matter to be patentable, that Party shall promptly request that the JSC consider filing an application ("Request"). There shall be a presumption that any subject matter that is not the subject of a prompt Request shall not be the subject of a patent application, although the Parties may agree to the contrary on a case-by-case basis. The Parties will provide timely updates on the status of any patent applications and patents being prepared, prosecuted and/or maintained to the JSC and/or the IP SC.

(c) Assumption of IP. If Ginkgo decides to abandon the prosecution or maintenance of any patent family or issued patent that is Foreground IP in such a manner as to irretrievably abandon rights in such patent family or patent in any particular jurisdiction, then it shall provide notice of such abandonment to Cronos, and Cronos will have an option to assume responsibility for filing, prosecuting and maintaining such patent family or patent in that jurisdiction at Cronos' own expense. If Cronos exercises such option, (i) Ginkgo will assign and Cronos will acquire all right, title, and interest to Intellectual Property in, to and embodied by such patent families and patents in that jurisdiction, and (ii) Cronos will grant Ginkgo (1) a royalty-free, perpetual, worldwide, exclusive, sublicensable right to use the Intellectual Property embodied by such patent families and patents for the purposes of performing work under a TDP and (2) a royalty-free, perpetual, worldwide, exclusive, sublicensable right to use the Intellectual Property in, to and embodied by such patent families and patents for the Development, Scale Up, Manufacture, and Commercialization of any substance that is not a Target Cannabinoid. For clarity, the abandonment of a pending application does not trigger the provision of this section unless there are no other pending members of the same patent family in that jurisdiction.

(d) If the JSC is unable to reach agreement concerning whether to file a patent application directed to the subject matter of a Request provided by Cronos to the JSC pursuant to Section 3.3(b), Cronos will have the option to draft a provisional patent application that will be filed by Ginkgo with the United States Patent & Trademark Office within three (3) months of the Request, unless the Parties agree to a different time. The matter will also be promptly addressed using the dispute resolution procedures under Article 12 of this Agreement. Notwithstanding Section 12.2(c), any dispute whether to file a patent application and the content and subject matter of the proposed application shall be subject to arbitration if the matter cannot be resolved through the procedures set forth in Section 12.1. In the event that the matter is arbitrated, a binding decision must be obtained within nine (9) months of the filing of the provisional application. If the dispute resolution procedures result in a decision that a patent application should be filed, the Parties will collaborate in good faith to prepare an appropriate PCT application that shall be filed by Ginkgo pursuant to the provisions of Sections 3.2 and 3.3 and shall claim priority to the provisional application. Until publication of such PCT application, the content and subject matter of the provisional application and the PCT application shall be considered Confidential Information of Ginkgo. If the dispute resolution procedures result in a decision that no PCT application should be filed, then the content and subject matter of the provisional application will remain Confidential Information of Ginkgo. In such an event, Ginkgo shall, pursuant to the provisions of Section 4.1(b), grant Cronos a license to the subject matter of the Request (as documented in the provisional patent application) that shall be exclusive for the relevant Target Cannabinoid(s). The term of the exclusive license shall be twenty (20) years from the date on which the provisional application was filed.

### 3.4 Enforcement of IP.

(a) Notice. Each of Ginkgo and Cronos shall promptly notify the other Party in the event that it becomes aware of: (i) a suspected infringement by any Third Party of any Foreground IP that is patented ("Infringement"); (ii) any patent within the Foreground IP being challenged by a Third Party in any action or proceeding, including without limitation a declaratory judgment action or counterclaim, opposition, reexamination, or post-grant administrative proceeding ("Challenge"); and (iii) any unauthorized use or other misappropriation by a Third Party of any Confidential Information, trade secret, or other unpatented IP of the other Party ("Misappropriation").

(b) In the event that (i) any Foreground IP that is patented and exclusively licensed, for any purpose, to a Party pursuant to this Agreement is subject to Infringement, or (ii) any Foreground IP that is patented is subject to Infringement by the manufacture, use, sale, offer for sale, or import by any Third Party of a Cannabinoid that competes directly with a Cronos Product or a Target Cannabinoid, then the Party that is the owner of such patented IP shall have the first right to enforce the patented IP. If the owner elects not to enforce the patented IP against such identified infringer(s) within ninety (90) days after notification (or elects to enforce, but fails to use commercially reasonable efforts to do so within a reasonable period of time after the ninety-day period), then the other Party shall have the option, but not any obligation, to enforce such patented IP and may elect to do so within a further ninety (90) days. Insofar as a Party's participation is indispensable in any lawsuit brought by the other Party to enforce any IP, such indispensable Party shall join as a party plaintiff, and the Parties shall discuss in good faith the allocation of legal fees and other related costs, as well as distribution of damages, for such enforcement action. Either Party may join an action brought by the other, insofar as a court permits such joinder, even if such joining Party is not indispensable. In such a case, the joining Party shall retain its own counsel at its own expense. No settlement of any such enforcement shall be entered into without consultation between the Parties, regardless of whether both Parties are parties to such enforcement. In any event, the Parties shall discuss in good faith the distribution of any damages or other awards resulting from such enforcement action.

(c) In the event of a Challenge to any patented IP that is exclusively licensed, for any purpose, to a Party, including a Challenge that occurs within the context of an enforcement action brought pursuant to Section 3.4(b), the Parties will, within seven (7) days of being served with process or other notice of such Challenge, consult and determine how to proceed with the hiring of counsel and the sharing of legal fees and related costs. No settlement of any such Challenge shall be entered into without consultation between the Parties, regardless of whether both Parties are parties to such Challenge. In the event of a Challenge to any patented IP that is not exclusively licensed to a Party, the owning Party will have the sole and exclusive right to make any decisions concerning the conduct of the Challenge.

(d) In the event of a Misappropriation, the Party that owns the misappropriated unpatented IP shall have the sole and exclusive right to make any decisions concerning the conduct of any litigation or other proceeding that may arise out of such Misappropriation.

**3.5 Notification of Third Party Claims.** Each Party shall promptly inform the other in writing of any written notice to it of alleged infringement or misappropriation, based upon its performance of its obligations hereunder, of a Third Party's Intellectual Property rights of which it shall become aware. Neither Party shall acknowledge to a Third Party the validity of any such allegation or admit liability without the prior written consent of the other. Each Party shall keep the other advised of all material developments in the conduct of any proceedings in defending any claim of such alleged infringement or misappropriation and shall cooperate with the other in the conduct of such defense. In no event may either Party settle any such infringement or misappropriation claim in a manner that would limit the rights of the other Party or impose any obligation on the other Party, without such other Party's prior written consent, which consent shall not be unreasonably withheld, delayed or conditioned.

## 4. LICENSES

### 4.1 License Grants to Cronos.

(a) Collaboration Strains. Ginkgo hereby grants to Cronos a worldwide, royalty-free, sublicensable (solely as permitted by Section 4.2) license to use, culture (including causing biomass growth), and import Collaboration Strains, solely to Manufacture, have Manufactured, use, import, and Commercialize Cronos Products and Target Cannabinoids that are the subject of any completed TDPs. For greater clarity, Cannabinoids contained within a Cronos Product (1) may be enriched and purified for Commercialization solely to the extent that such Cannabinoids are Target Cannabinoids that are the subject of any completed TDPs; and (2) may not be enriched and purified for Commercialization if they are Non-Target Cannabinoids, or Target Cannabinoids for which there are no completed TDPs. The license shall be exclusive (even as to Ginkgo and its Affiliates, subject to Section 4.4(b) below).

(b) Collaboration Strain and Process IP. Ginkgo hereby grants to Cronos a worldwide, perpetual, revocable (solely as permitted by Section 8.3), royalty-free (except for the license granted in (ii) below), sublicensable (solely as permitted by Section 4.2), license to Collaboration Strain and Process IP, and improvements thereto as determined by the JSC pursuant to Section 7.1(a):

(i) to Manufacture, have Manufactured, use, import, and Commercialize each Cronos Product and Target Cannabinoid that is the subject of any completed TDPs, and to use, culture (including causing biomass growth), and import Collaboration Strains therefor. For greater clarity, (1) Cannabinoids contained within a Cronos Product may be enriched and purified for Commercialization solely to the extent that such Cannabinoids are Target Cannabinoids that are the subject of any completed TDPs; and (2) Cannabinoids contained within a Cronos Product may not be enriched and purified for Commercialization if they are Non-Target Cannabinoids, or Target Cannabinoids for which there are no completed TDPs. This license shall be perpetual, revocable (solely as permitted by Section 8.3), and (1) exclusive (even as to Ginkgo and its Affiliates, subject to Section 4.4(b) below) solely as it applies to Collaboration Strain and Process IP for which patent protection is sought in accordance with Section 3.3(b), anywhere in the world and at any time, regardless of status, or for which the JSC or the IP SC has approved the seeking of such patent protection, and (2) non-exclusive as it applies to Collaboration Strain and Process IP for which patent protection is not sought and has not been approved by the JSC or the IP SC for the seeking of such patent protection.

(ii) to Develop and Commercialize cannabis plants. This license shall be perpetual, revocable (solely as permitted by Section 8.3) and non-exclusive, and Cronos agrees to negotiate with Ginkgo in good faith to determine appropriate compensation to Ginkgo for such license in addition to the payments specified elsewhere in this Agreement.

(iii) to Manufacture and Commercialize Non-Target Cannabinoids. This license shall be revocable (solely as permitted by Section 8.3), in effect for a period of three (3) years commencing on the date of the First Equity Milestone Event and shall be exclusive (even as to Ginkgo and its Affiliates, subject to Section 4.4(b) below) solely as it applies to Collaboration Strain and Process IP for which patent protection is sought in accordance with Section 3.3(b), anywhere in the world and at any time, regardless of status, or for which the JSC or the IP SC has approved the seeking of such patent protection, and non-exclusive as it applies to unpatented Collaboration Strain and Process IP for which patent protection is not sought and has not been approved by the JSC or the IP SC for the seeking of such patent protection.

(c) Ginkgo Background IP. Ginkgo hereby grants to Cronos a non-exclusive, worldwide, perpetual, revocable (solely as permitted by Section 8.3), royalty-free, sublicensable license to any Ginkgo Background IP, and any improvements thereto as determined by the JSC pursuant to Section 7.1(a), necessary for the Manufacture, having Manufactured, use, import, and Commercializing of each Cronos Product and Target Cannabinoids that are the subject of any completed TDPs derived from any Collaboration Strains transferred pursuant to Section 2.8(c).

#### 4.2 Sublicenses.

(a) Subject to prior written notice to Ginkgo, Cronos may grant a sublicense of the license granted to Cronos under Section 4.1 solely for the Manufacture and Commercialization of a specified Cronos Product that is the subject of a completed TDP from the corresponding Collaboration Strain and Target Cannabinoids within said Cronos Product that are the subject of a completed TDP.

(b) Each Sublicense granted pursuant to Section 4.2 will be subject and subordinate to, and consistent with, the terms and conditions of this Agreement and will require each Sublicensee thereunder to comply with all applicable terms of this Agreement. Notwithstanding the grant of any Sublicense, Cronos shall remain primarily liable to Ginkgo for the performance of all of Cronos' obligations under, and Cronos' compliance with all provisions of, this Agreement.

4.3 License Grants to Ginkgo. Cronos hereby grants to Ginkgo a royalty-free, worldwide, non-exclusive, sublicensable right to use any (a) Cronos Background IP, and (b) Foreground Application IP; in each case to the extent necessary, or as determined by the JSC to be materially useful, for Ginkgo to perform its obligations under a TDP.

#### 4.4 License Conditions; Limitations.

(a) Insofar as any rights herein licensed to any Party were obtained by the licensing Party from a Third Party by assignment, license, or otherwise, the licensed rights granted herein are granted subject to any commitments to that Third Party. The licenses and terms thereof relevant to the license-receiving Party's exercise of rights pursuant to the licenses granted in Sections 4.1 and 4.3 are set forth in Schedule 4.4, which may be updated as necessary after the Effective Date. The licensing Party will use commercially reasonable efforts to ensure that the license from the Third Party remains in good standing and will promptly notify the other Party if the license expires, is terminated, or if any license term is materially altered.

(b) Notwithstanding the exclusive licenses granted pursuant to Section 4.1, Ginkgo for itself and for any of its Subcontractors, reserves the rights under the licensed Intellectual Property to perform itself, and have performed by any such Subcontractor, any activities assigned to Ginkgo under this Agreement.

(c) Cronos shall not disassemble, develop, re-engineer, reverse engineer, or replicate any Collaboration Strain except as expressly permitted pursuant to Section 4.1.

#### 4.5 Use of Licensed IP.

(a) Each Party, its Affiliates and its permitted Subcontractors shall handle any licensed IP and any Collaboration Strain in accordance with all applicable Laws and industry standards, but under no circumstances with less than a reasonable degree of care. When using any licensed IP or Collaboration Strain, each Party, its Affiliates and its contracted Third Party manufacturers and Subcontractors shall take reasonable measures to protect the security and integrity of such licensed IP or Collaboration Strain.

(b) Cronos shall notify Ginkgo in writing of any unauthorized transfer or use of any Collaboration Strain or any IP owned by Ginkgo of which it becomes aware, that occurs when such Collaboration Strain or IP is in its, its Affiliates', its Third Party manufacturers', or its Subcontractors' possession. In the event of such an unauthorized transfer or use, Cronos shall assist Ginkgo in taking all appropriate measures, including litigation, to terminate and remediate such unauthorized transfer or use.

(c) Ginkgo shall notify Cronos in writing of any unauthorized transfer or use of any IP owned by Cronos of which it becomes aware, that occurs when such IP is in its, its Affiliates', or its Subcontractors' possession. In the event of such an unauthorized transfer or use, Ginkgo shall assist Cronos in taking all appropriate measures, including litigation, to terminate and remediate such unauthorized transfer or use.

4.6 Bankruptcy Protection. The Parties acknowledge that the licenses granted hereunder are intended to be licenses of "Intellectual Property" as such term is used in Section 365(n) of the United States Bankruptcy Code and for other similar laws and that the licenses herein are given and received for fair and adequate value. Accordingly, the Parties intend (a) that each Party will have the benefit of any applicable Law related to insolvency or bankruptcy that protects a licensee from disclaimer or other challenge of the licenses granted to the licensee, (b) any licenses granted by a Party hereunder will survive a bankruptcy under the United States Bankruptcy Code, the filing of a proposal or a notice of intention to make a proposal under the Bankruptcy and Insolvency Act (Canada) or the commencement of proceedings under the Companies' Creditors Arrangement Act (Canada) in respect of such licensing Party, and (c) subject to applicable Law, the other terms and conditions of this Agreement shall otherwise remain in full force and effect.

4.7 No Other Rights. Each Party expressly reserves and retains all rights to all IP, Strains, and other technology not expressly granted to the other Party herein, and no right or license under any IP shall be deemed granted by implication. Except as otherwise expressly provided in this Agreement, neither Party shall receive any rights under this Agreement to own, use or access the Patent Rights or other IP of the other Party.

## 5. PAYMENTS

5.1 Foundry Access Fee. From and after the Effective Date and until (a) Ginkgo has achieved all of the R&D Milestones or (b) the Agreement has otherwise been terminated in accordance with Article 8, Cronos will pay to Ginkgo an access fee of not less than an aggregate of US\$[Redacted] during the Term (the "Floor Foundry Access Fee Amount", payable in advance as US\$[Redacted] per Calendar Quarter (the "Foundry Access Fee") for access to Ginkgo's proprietary foundry platform. Notwithstanding Cronos' obligation to pay the Foundry Access Fee and the Floor Foundry Access Fee Amount, in the event that Ginkgo, as determined by the JSC, is not able to perform the work contemplated by this Agreement or any Technical Development Plan for a material portion of any Calendar Quarter, whether as a result of a Force Majeure Event or otherwise, Cronos will only be required to pay a pro rata portion of the Foundry Access Fee for the period in which Ginkgo was actually able to perform work under this Agreement or the applicable Technical Development Plan(s). For the avoidance of doubt, any unpaid Foundry Access Fee balance for a given Calendar Quarter in which, in accordance with the foregoing, such fees are due to be paid, will be added to the Foundry Access Fee payable for the subsequent Calendar Quarter.

5.2 Pilot Scale Reimbursement. Cronos will reimburse Ginkgo for the reasonable and documented out-of-pocket direct costs incurred in Pilot Scale manufacturing of each Target Cannabinoid ("Pilot Sale Costs"); provided that any such Pilot Scale Costs in excess of US\$[Redacted] per Target Cannabinoid shall require pre-approval by Cronos to be eligible for reimbursement. Ginkgo shall submit invoices to Cronos for the Pilot Scale Costs, which invoices shall be payable within forty-five (45) days of receipt by Cronos.

5.3 R&D Milestone Achievement Payments. Cronos shall pay Ginkgo the payment (each a "Milestone Achievement Payment" and together the "Milestone Achievement Payments") set forth in Schedule 5.3 for the achievement of the R&D Milestone set forth adjacent to such Milestone Achievement Payment in Schedule 5.3 within sixty (60) calendar days of achievement (as determined by the JSC) of such R&D Milestone.

5.4 Manner of Payment. All payments to be made by Cronos to Ginkgo under this Agreement shall be made in U.S. Dollars and shall be paid by electronic transfer in immediately available funds to such bank account in the United States as is designated in writing by Ginkgo.

5.5 Blocked Currency. If by applicable Law or fiscal policy of a particular country, conversion into U.S. Dollars or transfer of funds of a convertible currency to the United States is restricted or forbidden, royalties accrued in that country shall be paid to Ginkgo in the country in local currency by deposit in a local bank designated by Ginkgo, unless the Parties otherwise agree. The rate of exchange to be used in computing the amount of U.S. Dollar equivalent in local currency shall be the rate published in The Wall Street Journal New York early edition on the date such conversion is made.

5.6 Taxes.

(a) All payments to be made by Cronos to Ginkgo under this Agreement are exclusive of Indirect Taxes. If any Indirect Taxes are chargeable in respect of any payments, Cronos shall pay such Indirect Taxes at the applicable rate in respect of any such payments following the receipt of an Indirect Taxes invoice in the appropriate form issued by Ginkgo in respect of those payments. The Parties shall issue invoices for all amounts payable under this Agreement consistent with Indirect Tax requirements and irrespective of whether the sums may be netted for settlement purposes.

(b) If Ginkgo provides services in Canada for which it receives a Payment, Ginkgo shall specify on the invoice relating to the Payment the proportion of the Payment that is allocable to such services.

(c) Any and all Payments made by Cronos under this Agreement shall be made without deduction or withholding for any Taxes, except as required by applicable Laws. If any applicable Law (as determined in the good faith discretion of Cronos) requires the deduction or withholding of any Tax from any such Payment, Cronos shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant taxing authority in accordance with applicable Laws. Any amount so deducted or withheld shall be considered to be paid to Ginkgo for purposes of this Agreement, and Cronos shall have no further obligation to Ginkgo in respect of such amount of such Payment.

(d) As soon as practicable after any payment of Taxes by Cronos to a taxing authority pursuant to Section 5.6(c), Cronos shall deliver to Ginkgo a copy of a receipt issued by such taxing authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to Ginkgo.

5.7 Interest Due. Without limiting any other rights or remedies available to Ginkgo, Cronos shall pay Ginkgo interest on any payments that are not paid on or before the date such payments are due under this Agreement at an annual rate of one percent (1%) above the prime rate as published by the Wall Street Journal on the date such payments first became due, or the maximum applicable legal rate, if less, calculated based on the total number of days payment is delinquent.

## 6. EQUITY MILESTONES.

### 6.1 Equity Milestone Issuances.

(a) As soon as practicable following the occurrence of the First Equity Milestone Event (or, if the First Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the First Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such First Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such First Equity Milestone Shares, pay to Ginkgo US\$20,000,000 (the "First Milestone Cash Election Amount") within five (5) business days of the occurrence of the First Equity Milestone Event.

(b) As soon as practicable following the occurrence of the Second Equity Milestone Event (or, if the Second Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Second Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Second Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Second Equity Milestone Shares, pay to Ginkgo US\$15,000,000 (the "Second Milestone Cash Election Amount") within five (5) business days of the occurrence of the Second Equity Milestone Event.

(c) As soon as practicable following the occurrence of the Third Equity Milestone Event (or, if the Third Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Third Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Third Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Third Equity Milestone Shares, pay to Ginkgo US\$10,000,000 (the "Third Milestone Cash Election Amount") within five (5) business days of the occurrence of the Third Equity Milestone Event.

(d) As soon as practicable following the occurrence of the Fourth Equity Milestone Event (or, if the Fourth Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Fourth Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Fourth Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Fourth Equity Milestone Shares, pay to Ginkgo US\$10,000,000 (the "Fourth Milestone Cash Election Amount") within five (5) business days of the occurrence of the Fourth Equity Milestone Event.

(e) As soon as practicable following the occurrence of the Fifth Equity Milestone Event (or, if the Fifth Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Fifth Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Fifth Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Fifth Equity Milestone Shares, pay to Ginkgo US\$15,000,000 (the “Fifth Milestone Cash Election Amount”) within five (5) business days of the occurrence of the Fifth Equity Milestone Event.

(f) As soon as practicable following the occurrence of the Sixth Equity Milestone Event (or, if the Sixth Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Sixth Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Sixth Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Sixth Equity Milestone Shares, pay to Ginkgo US\$10,000,000 (the “Sixth Milestone Cash Election Amount”) within five (5) business days of the occurrence of the Sixth Equity Milestone Event.

(g) As soon as practicable following the occurrence of the Seventh Equity Milestone Event (or, if the Seventh Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Seventh Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Seventh Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Seventh Equity Milestone Shares, pay to Ginkgo US\$10,000,000 (the “Seventh Milestone Cash Election Amount”) within five (5) business days of the occurrence of the Seventh Equity Milestone Event.

(h) As soon as practicable following the occurrence of the Eighth Equity Milestone Event (or, if the Eighth Equity Milestone Event has not occurred but Cronos is obligated, pursuant to Sections 8.2(a) or 8.2(b), to make an Equity Milestone Issuance as if such Equity Milestone Event had occurred) and, in any event, within five (5) business days of receipt of a Ginkgo Confirmation Certificate in respect of such Equity Milestone Event, Cronos shall issue to Ginkgo the Eighth Equity Milestone Shares; provided that if Ginkgo has made a Milestone Cash Election prior to the occurrence of such Eighth Equity Milestone Event, Cronos shall, in lieu of issuing to Ginkgo such Eighth Equity Milestone Shares, pay to Ginkgo US\$10,000,000 (the “Eighth Milestone Cash Election Amount” and, collectively with the First Milestone Cash Election Amount, the Second Milestone Cash Election Amount, the Third Milestone Cash Election Amount, the Fourth Milestone Cash Election Amount, the Fifth Milestone Cash Election Amount, the Sixth Milestone Cash Election Amount and the Seventh Milestone Cash Election Amount, the “Milestone Cash Election Amounts” and each a “Milestone Cash Election Amount”) within five (5) business days of the occurrence of the Eighth Equity Milestone Event.

(i) Any issuance of Shares or cash payment under this Section 6.1 is anticipated to be a Payment for the performance by Ginkgo of research and development to be undertaken exclusively outside of Canada. Cronos acknowledges and agrees that it believes under applicable Tax Laws as of the date hereof (with the exception of any payments to be made by Cronos to Ginkgo in respect of services to be provided by Ginkgo in Canada as contemplated by Section 5.6(b)) any issuance of Shares or cash payment under this Section 6.1 will not be subject to withholding Tax in any jurisdiction. To the extent that Cronos becomes aware that any issuance of Shares or cash payments made under this Agreement may be subject to withholding Taxes, Cronos shall provide Ginkgo with thirty (30) days advance written notice of such withholding requirement, in each instance, along with providing all applicable Tax documentation to Ginkgo, as reasonably requested. To the extent that any withholding Taxes apply to any issuance of Shares or cash payments made under this Agreement and the obligation on Cronos to deduct or withhold can be relieved (or the obligation to deduct or withhold can be reduced to a lesser amount) on an application for relief, both parties shall cooperate with each other to enable each of them to more accurately determine its own relevant Tax liabilities and to assist each other to minimize such liabilities to the extent legally permissible (including supporting claims of any treaty benefits). Notwithstanding the foregoing, in the event that it is determined that Cronos is required to withhold Tax in accordance with Section 5.6(c) in connection with an issuance of Shares in respect of an Equity Milestone Event, Cronos may, in its sole discretion, either:

(i) reduce the number of Equity Milestone Shares so issued to take such withholding into account, such that aggregate of the fair market value of the Shares so issued and the amount withheld shall be equal to the fair market value of the Shares that would have been issued in respect of such Equity Milestone Event if no such withholding had been made; or

(ii) retain and withhold a number of Equity Milestone Shares having a fair market value not less than the amount of such Taxes required to be withheld and have a broker sell any such Shares on behalf of Ginkgo and deliver the sale proceeds to Cronos for remittance to the appropriate governmental authority (with any balance over the applicable Taxes being delivered to Ginkgo).

6.2 Milestone Cash Election. On or before the date that is thirty (30) days after a Cronos Approved Change of Control, Ginkgo may provide to Cronos a written notice indicating that Ginkgo has elected to receive the applicable Milestone Cash Election Amounts in lieu of any of the applicable Equity Milestone Shares that would otherwise become issuable in connection with any Equity Milestone Events that are achieved following receipt of such written notice (the "Milestone Cash Election").

6.3 Ginkgo Confirmation Certificate. As soon as practicable following the occurrence of each Equity Milestone Event, Ginkgo shall provide to Cronos a Ginkgo Confirmation Certificate with respect to such Equity Milestone Event together with such other information or documentation that Cronos may reasonably request in order to comply with its obligations under applicable Laws in connection with the issuance of Shares in such Equity Milestone Event without the need to file a prospectus, registration statement or similar document in any jurisdiction.

6.4 Share Certificates. Upon any Equity Milestone Issuance pursuant to Sections 6.1(a) through (h), Ginkgo shall be entered in the books of Cronos as the holder of the number of Shares so issued, and as soon as practicable thereafter, Cronos shall deliver to Ginkgo a certificate or certificates for such Shares registered in the name of Ginkgo.

6.5 Acknowledgments. Ginkgo acknowledges that:

(a) subject to Section 6.10 below, no Equity Milestone Issuance will be qualified by a prospectus, registration statement or similar document in any jurisdiction and that the Shares issued pursuant thereto are being offered on a “private placement” basis pursuant to one or more prospectus exemptions under applicable securities Laws;

(b) the Shares issuable pursuant to an Equity Milestone Issuance may be subject to resale restrictions under applicable securities Laws; and

(c) (i) Cronos may deliver to the Ontario Securities Commission certain personal information pertaining to Ginkgo, including its full name, address and telephone number, the number of securities purchased by Ginkgo and the total purchase price paid for such securities, the prospectus exemption relied on by Ginkgo and the date of distribution of the securities, and such personal information may become available to the public in accordance with the requirements of applicable securities Laws; and by purchasing the securities, Ginkgo consents to the disclosure of such personal information, (ii) such information is being collected indirectly by the Ontario Securities Commission under the authority granted to it in securities legislation and by purchasing the securities, Ginkgo shall be deemed to have authorized such indirect collection of personal information by the Ontario Securities Commission, (iii) such information is being collected for the purposes of the administration and enforcement of the securities Laws of the Province of Ontario; and (iv) Ginkgo may contact the following public official in Ontario with respect to questions about the Ontario Securities Commission’s indirect collection of such information at the following address and telephone number:

6.6 Legend. Any certificates or other instruments representing the Equity Milestone Shares issuable upon the occurrence of any Equity Milestone Event shall, if required by applicable Law, contain a restrictive legend substantially to the following effect:

“THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT AND APPLICABLE SECURITIES LAWS OR PURSUANT TO ONE OR MORE EXEMPTIONS FROM REGISTRATION UNDER SUCH ACT OR SUCH LAWS.”;

together with such other restrictive legend or legends that in the opinion of counsel to Cronos, acting reasonably, may be required by applicable Law.

6.7 No Fractional Shares. Notwithstanding anything to the contrary in Section 6.1, Cronos shall not be required to issue fractional Shares upon any Equity Milestone Issuance. If any fractional interest in a Share would, except for the provisions of this Section, be deliverable upon an Equity Milestone Issuance, Cronos shall, in lieu of delivering any certificate representing such fractional interest, make a cash payment to Ginkgo of an amount equal to the fractional interest which would have been issuable multiplied by the Current Market Price.

6.8 Anti-Dilution. The Equity Milestone Factor in effect at any date shall be subject to adjustment from time to time as set out below.

(a) If and whenever at any time Cronos shall (i) subdivide or redivide the outstanding Shares into a greater number of shares, (ii) reduce, combine or consolidate the outstanding Shares into a smaller number of shares, or (iii) issue Shares to the holders of all of the outstanding Shares by way of a dividend or distribution (other than the issue of Shares to holders of Shares who have elected to receive dividends or distributions in the form of Shares in lieu of cash), the Equity Milestone Factor in effect on the effective date of such subdivision, redivision, reduction, combination or consolidation or on the record date for such issue of Shares by way of a dividend or distribution, as the case may be, shall in the case of any of the events referred to in (i) and (iii) above be increased in proportion to the number of outstanding Shares resulting from such subdivision, redivision, dividend or distribution, or shall, in the case of any of the events referred to in (ii) above, be decreased in proportion to the number of outstanding Shares resulting from such reduction, combination or consolidation. Such adjustment shall be made successively whenever any event referred to in this Section 6.8(a) shall occur. Any such issue of Shares by way of a dividend or distribution shall be deemed to have been made on the record date for the dividend or distribution for the purpose of calculating the number of outstanding Shares under subsections (b) and (c) of this Section 6.8.

(b) If and whenever at any time Cronos shall fix a record date for the issuance of options, rights or warrants to all the holders of its outstanding Shares (other than for the issue of Shares to holders of Shares who have elected to receive dividends or distributions in the form of Shares in lieu of cash) entitling them, for a period expiring not more than 45 days after such record date, to subscribe for or purchase Shares (or securities convertible into Shares) at a price per share (or having a conversion or exchange price per share, as the case may be) that is less than 95% of the Current Market Price on such record date, the Equity Milestone Factor shall be adjusted immediately after such record date so that it shall equal the value obtained by multiplying the Equity Milestone Factor in effect on such record date by a fraction, of which the denominator shall be the total number of Shares outstanding on such record date plus a number of Shares equal to the quotient obtained by dividing the aggregate price of the total number of additional Shares offered for subscription or purchase (or the aggregate conversion or exchange price of the convertible securities so offered) by such Current Market Price, and of which the numerator shall be the total number of Shares outstanding on such record date plus the total number of additional Shares offered for subscription or purchase (or into which the convertible securities so offered are convertible, as the case may be). Such adjustment shall be made successively whenever such a record date is fixed. To the extent that any such options, rights or warrants are not so issued or any such options, rights or warrants are not exercised prior to the expiration thereof, the Equity Milestone Factor shall be readjusted to the Equity Milestone Factor which would then be in effect if such record date had not been fixed or to the Equity Milestone Factor which would then be in effect if only the number of Shares (or securities convertible into Shares, as the case may be) actually issued upon the exercise of such options, rights or warrants were included in such fraction, as the case may be.

(c) If and whenever Cronos shall fix a record date for the making of a distribution to all the holders of its outstanding Shares of (i) shares of any class other than Shares, and other than shares distributed to holders of Shares who have elected to receive dividends or distributions in the form of such shares in lieu of cash dividends, (ii) rights, options or warrants (excluding rights, options or warrants described in (b) above), (iii) evidences of its indebtedness, or (iv) other assets (other than cash) then, in each such case, the Equity Milestone Factor shall be adjusted immediately after such record date so that it shall equal the value obtained by multiplying the Equity Milestone Factor in effect on such record date by a fraction, of which the denominator shall be (A) the total number of Shares outstanding on such record date multiplied by the Current Market Price on such record date, less (B) the fair market value (as (i) agreed by Cronos and Ginkgo or (ii) determined by a qualified independent Third Party appraiser reasonably acceptable to both Ginkgo and Cronos, it being agreed that the cost of such Third Party appraiser shall be borne 50% by Cronos and 50% by Ginkgo) of such shares or rights, options or warrants or evidences of indebtedness or assets so distributed, and of which the numerator shall be the total number of Shares outstanding on such record date multiplied by such Current Market Price. Such adjustment shall be made successively whenever such a record date is fixed. To the extent that such distribution is not so made, the Equity Milestone Factor shall be re-adjusted to the Equity Milestone Factor which would then be in effect if such record date had not been fixed or to the Equity Milestone Factor which would then be in effect based upon such shares or rights, options or warrants or evidences of indebtedness or other assets actually distributed, as the case may be. Notwithstanding anything to the contrary herein, in the event Cronos at any time after the Effective Date fixes a record date for the determination of holders of Shares entitled to receive, a dividend or other distribution payable in cash, then in each such event Ginkgo shall receive, simultaneously with each Equity Milestone Issuance subsequent to such dividend or distribution, a cash amount equal to the product obtained by multiplying (x) the amount of the cash Ginkgo would have received if Ginkgo had owned, at the time of such dividend or distribution, the Shares issued pursuant to each such Equity Milestone Issuance by (y) the quotient obtained by dividing (i) the Equity Milestone Factor at the time of such record date by (ii) the Equity Milestone Factor at the time of such Equity Milestone Issuance.

(d) If and whenever there is a reclassification of the Shares or a capital reorganization of Cronos (other than as described in Section 6.8(a)) or a consolidation, amalgamation, arrangement, binding share exchange or merger of Cronos with or into any other person or other entity or other combination, in each case pursuant to which the Shares are converted into or acquired for cash, securities or other property; or any sale, or conveyance or other disposition of the property and assets of Cronos as an entirety or substantially as an entirety to any other person (other than a direct or indirect wholly owned subsidiary of Cronos) or other entity or a liquidation, dissolution or winding-up of Cronos, then in connection with any Equity Milestone Issuance occurring after the effective time of such reclassification, capital reorganization, consolidation, amalgamation, arrangement, binding share exchange, merger, sale, transfer, disposition or liquidation, dissolution or winding-up, Ginkgo shall be entitled to receive and shall accept, in lieu of the number of Shares then sought to be acquired by it pursuant to such Equity Milestone Issuance, the kind and amount of cash, the number of shares or other securities or property of Cronos or of the person or other entity resulting from such reclassification, capital reorganization, change, consolidation, amalgamation, arrangement, binding share exchange, merger, or to which such sale, transfer, disposition may be made or which holders of Shares receive pursuant to such liquidation, dissolution or winding-up, as the case may be, that Ginkgo would have been entitled to receive on such reclassification, capital reorganization, consolidation, amalgamation, arrangement, binding share exchange or merger, sale, transfer, dispositions or liquidation, dissolution or winding-up, if, on the record date or the effective date thereof, as the case may be, Ginkgo had been the registered holder of the number of Shares sought to be acquired by it pursuant to such Equity Milestone Issuance and to which it was entitled to acquire upon such Equity Milestone Issuance. If the relevant transaction causes the Shares to be converted into, or exchanged for, the right to receive more than a single type of consideration, the property deliverable by Cronos pursuant to any subsequent Equity Milestone Issuance in accordance with the above provisions of this Section 6.8(d) will be deemed to be the weighted average of the types and amounts of consideration received by the holders of Shares. The above provisions of this Section 6.8(d) shall similarly apply to successive reclassifications, capital reorganizations, consolidations, amalgamations, arrangements, binding share exchanges or mergers, sales, transfers, dispositions or liquidations, dissolutions or windings-up.

(e) In any case in which this Section 6.8 shall require that an adjustment shall become effective immediately after a record date for an event referred to herein, Cronos may defer, until the occurrence of such event, issuing to Ginkgo pursuant to an Equity Milestone Issuance occurring after such record date and before the occurrence of such event, the additional Shares issuable pursuant to such Equity Milestone Issuance by reason of the adjustment required by such event before giving effect to such adjustment; provided, however, that Cronos shall deliver to Ginkgo an appropriate instrument evidencing Ginkgo's right to receive such additional Shares upon the occurrence of the event requiring such adjustment and the right to receive any distributions made on such additional Shares declared in favor of holders of record of Shares on and after the date of such Equity Milestone Issuance or such later date as Ginkgo would, but for the provisions of this Section 6.8(e), have become the holder of record of such additional Shares pursuant to Section 6.8.

(f) The adjustments provided for in this Section 6.8 are cumulative and shall apply to successive subdivisions, redivisions, reductions, combinations, consolidations, distributions, issues or other events resulting in any adjustment under the provisions of this Section.

(g) For the purpose of calculating the number of Shares outstanding, Shares owned by or for the benefit of Cronos shall not be counted.

(h) In the event of any question arising with respect to the adjustments provided in this Section 6.8, such question shall be conclusively determined by an independent firm of nationally recognized chartered accountants acceptable to each of Cronos and Ginkgo, acting reasonably, it being agreed that the cost of such accountants shall be borne 50% by Cronos and 50% by Ginkgo; and such accountants shall have access to all necessary records of Cronos and any determination made by such accountants shall be binding upon Cronos and Ginkgo.

6.9 Standstill Provisions. Following the first issuance of any Equity Milestone Shares hereunder, Ginkgo shall not, at any time when it directly or indirectly holds, beneficially owns or has voting or investment control of any Shares, without the prior written consent of the Board of Directors of Cronos (which consent may be given on such terms as the Board of Directors of Cronos may determine):

(a) directly or indirectly, alone or in concert with others, acquire or agree to acquire or make any proposal to acquire, by means of a "take-over bid" (as such term is defined in National Instrument 62-104 – Take-Over Bids and Issuer Bids), any securities of Cronos;

(b) directly or indirectly "solicit" any "proxies" (as such terms are defined in the Securities Act (Ontario)) of shareholders of Cronos or its Affiliates, or seek to advise or influence any other person with respect to the voting of any securities of Cronos, or form, join or in any way participate in a proxy group, in each case for any purpose;

(c) otherwise act, alone or in concert with others, to seek to control the Board of Directors of Cronos or the board of directors of any direct or indirect wholly owned subsidiary of Cronos;

(d) have any discussions or enter into any arrangements, understandings or agreements, whether written or oral, with, advise, finance, aid, assist, encourage or act in concert with, any other persons in connection with any of the foregoing; or

(e) publicly or privately announce, disclose, reveal or otherwise evidence any intention or desire to do any of the foregoing.

#### 6.10 Registration Rights; 10b5-1 Trading Plan.

(a) Ginkgo acknowledges and agrees that, other than as set forth in this Section 6.10, Cronos shall have no obligation to file any prospectus, prospectus supplement or registration statement in respect of any Equity Milestone Shares or to otherwise register such Shares with the SEC or to qualify their distribution with the securities commissions or other securities regulatory authorities in Canada.

(b) In the event that Ginkgo, in the opinion of counsel to Cronos and Ginkgo, could reasonably be considered an “affiliate” (as defined in Rule 405 under the Securities Act of 1933, as amended) of Cronos solely as the result of the ownership of Equity Milestone Shares issued to Ginkgo pursuant to this Agreement, Cronos shall, upon written request by Ginkgo, use its reasonable best efforts to (i) file a registration statement with the SEC (the “Registration Statement”), covering the resale by Ginkgo of such Equity Milestone Shares (the “Registrable Securities”), within thirty (30) days following such notice, and (ii) take such steps as are reasonably necessary to have the registration declared effective within ninety (90) days following such notice and to maintain the effectiveness of the Registration Statement until all Registrable Securities are sold by Ginkgo.

(c) If Cronos proposes to file a prospectus with the SEC in order to permit the sale of its Shares by a shareholder of Cronos other than Ginkgo, pursuant to an underwritten offering pursuant to registration rights granted to such shareholder, in a form and manner that, with appropriate changes, would permit the offering of Registrable Securities under such prospectus, Cronos shall give reasonable notice of its intention to do so to Ginkgo and shall use its reasonable best efforts to include in the proposed distribution such number of Registrable Securities (the “Piggy Back Registrable Securities”) as Ginkgo shall request (such offering hereinafter referred to as a “Piggy Back Registration”) within ten days after the giving of such notice from Cronos, upon the same terms (including the method of distribution) as such distribution; provided that (i) Cronos shall not be required to include all such Piggy Back Registrable Securities in any such distribution if Cronos is advised in good faith by the managing underwriter or underwriters that the inclusion of any such Piggy Back Registrable Securities may, in their opinion, have an adverse effect on the distribution or sales price of the securities being offered in such underwritten offering, in which case the number of Piggy Back Registrable Securities shall be reduced pro rata along with all other Shares proposed to be sold in such Piggy Back Registration, and (ii) Cronos may at any time, at its sole discretion and without the consent of Ginkgo, withdraw such prospectus and abandon the proposed distribution in which Ginkgo requested to participate. The failure of Ginkgo to respond within the period referred to in the immediately preceding sentence shall be deemed to be a waiver of Ginkgo rights under this Section 6.10(c) with respect to such Piggy Back Registration. Ginkgo may also waive its rights under this Section 6.10(c) by giving written notice to Cronos.

(d) In the event Ginkgo desires to enter into a plan or arrangement to sell Shares that meets the requirements of Rule 10b5-1 promulgated under the Exchange Act, Cronos hereby agrees to provide reasonable assistance to Ginkgo in the establishment and execution of such trading plan or arrangement.

6.11 TSX Approval. Cronos will, promptly following the execution of this Agreement, apply to the Toronto Stock Exchange for its approval to list the Shares issuable to Ginkgo pursuant to this Agreement. Cronos will use commercially reasonable efforts to satisfy all conditions required by the Toronto Stock Exchange for such listing. Cronos shall promptly provide to Ginkgo a copy of the Toronto Stock Exchange's conditional and final approval letter for the listing of the Shares following the respective receipt thereof.

6.12 Notice of Change of Control. Cronos shall, promptly upon the occurrence thereof, notify Ginkgo of any Change of Control or any Cronos Approved Change of Control.

## 7. COLLABORATION GOVERNANCE

7.1 Joint Steering Committee. Ginkgo and Cronos will form a joint steering committee (the "Joint Steering Committee" or "JSC") comprised of an equal number of representatives from each Party, as further provided below. The JSC shall oversee the day-to-day conduct of the Collaboration for as long as it continues.

(a) Responsibilities. The JSC shall be responsible for overall management of the Collaboration including, without limitation, (i) ensuring regular communication between the Parties, (ii) interpreting, ensuring the construction of, and monitoring of progress against, each Technical Development Plan, (iii) making "Go", "No-Go", and "Pause" decisions for work performed under a Technical Development Plan in accordance with Section 8.2, (iv) determining successful completion of Milestones, (v) determining when Scale Up activities for each Target Cannabinoid shall begin, including when and which Collaboration Strains should be transferred as part of a Scale Up Transfer pursuant to Section 2.8(b); (vi) selecting the single Collaboration Strain that will be transferred, as part of a Manufacture Transfer pursuant to Section 2.8(c), for Manufacturing the Target Cannabinoid for each completed TDP; and (vii) determining the scope of any improvements to IP reasonably licensed under Section 4.1, including IP developed in one TDP that materially improves the Collaboration Strain developed in another TDP. The JSC shall be responsible for reviewing and approving recommendations, plans, allocation of resources, and other activities to be conducted in support of the Collaboration, and for implementing each Technical Development Plan. The JSC shall also be responsible for the monitoring, reviewing, and reporting on the progress of the Collaboration. Notwithstanding the foregoing, the JSC shall not have the authority to amend this Agreement, but the JSC can validly amend or establish a Technical Development Plan.

(b) Composition. The JSC shall be co-chaired by a representative of each Party. Either Party may appoint substitute or replacement members of the JSC to serve as their representatives upon notice to the other Party; *provided that* the Parties shall use reasonable efforts to maintain continuity in representation on the JSC. The initial members of the JSC shall be appointed by the Parties within ten (10) days following the Effective Date.

(c) Decision Making. Decisions of the JSC shall be made by unanimous decision with each Party having one vote. If the JSC is unable to reach a unanimous agreement with respect to any decision within its decision-making authority, Ginkgo shall have final decision-making authority as it relates to Development activities and Foreground IP under the Collaboration. Neither Party shall have final decision-making authority with respect to JSC decisions regarding: (i) determination of successful Milestone achievement or (ii) when to initiate the pilot activities associated with Scale Up.

(d) Meetings. The JSC shall meet in-person or by teleconference on a Calendar Quarter basis or more frequently as necessary to make decisions or confirmations required herein or as may be otherwise agreed upon, with each Party to bear all travel and related costs for its representatives. Draft minutes of the meetings of the JSC will be generated and circulated to its members within thirty (30) days following the JSC meeting, with responsibility for generating and circulating such minutes alternating between the Parties, and such minutes shall be finalized by the JSC promptly thereafter.

(e) Subcommittees. As needed, the JSC shall establish subcommittees and other working groups that shall report to the JSC, which shall have an equal number of representatives of Ginkgo and Cronos, to further the objectives of the Collaboration.

7.2 IP Subcommittee. In addition to the JSC, Ginkgo and Cronos will form an IP Subcommittee (“IP SC”) comprised of an equal number of representatives from each Party. The IP SC shall have responsibility for (a) overseeing the IP aspects of the Collaboration, (b) giving guidance about IP to the JSC, (c) resolving, in the first instance, any IP disputes arising under the Collaboration, including maintaining a register of the IP licensed under Article 4 as to which the JSC has determined that patent protection shall be sought, and (d) any other IP-related tasks or responsibilities established by the JSC. For the avoidance of doubt, the IP SC shall not have the authority to amend this Agreement or any Technical Development Plan.

7.3 Project Coordinator. Each Party will appoint one of its designees to serve as a project coordinator with responsibility for overseeing the day-to-day activities of the Parties with respect to the Collaboration and for being the primary point of contact between the Parties, and who will ensure that the Parties and their employees and consultants, as applicable, regularly communicate and report all data and results from the Collaboration.

## 8. TERM AND TERMINATION

8.1 Term and Expiration. This Agreement shall commence as of the Effective Date and, unless earlier terminated in accordance with the provisions of this Article 8, shall terminate upon the later of the date on which (a) all Technical Services have been completed under all executed and active TDPs, and (b) all TDPs have been terminated and there remain no additional TDPs to be negotiated by the Parties. The period of time during which the Agreement is in effect shall be referred to as the “Term”.

8.2 Termination of TDP for Failure to Achieve an R&D Milestone or an Equity Milestone Event. If the JSC determines that Ginkgo has failed to achieve an R&D Milestone or an Equity Milestone Event for a particular Target Cannabinoid, within ninety (90) days (or longer, if unanimously agreed by the JSC) of the target date set forth in the applicable TDP for such R&D Milestone or Equity Milestone Event, the JSC must make a “Go,” “No-Go,” or “Pause” decision with respect to such TDP. If after ninety (90) days, there is no such determination, then a “No-Go” decision shall automatically go into effect for such TDP.

(a) “Go” decision. If, by unanimous decision, the JSC makes a “Go” decision, then the TDP will not be terminated, the licenses granted pursuant to Article 4 and exclusive collaboration provisions of Section 2.7 will remain effective with respect to such Target Cannabinoid, and Cronos shall pay Ginkgo the applicable Milestone Achievement Payment whether or not the applicable milestone was actually achieved. If the applicable Milestone is an Equity Milestone Event, then Cronos shall also make the applicable Equity Milestone Issuance or payment of the applicable Milestone Cash Election Amount, as applicable, to Ginkgo pursuant to Article 6.

(b) “No-Go” decision.

Subject to the exceptions in (i) and (ii) of this section below, if the JSC representatives of either Party make a “No-Go” decision, or a “No-Go” decision is automatically in effect pursuant to this Section 8.2, the TDP will be terminated, and Cronos will have no obligation to pay Ginkgo any applicable Milestone Achievement Payment(s) or any Milestone Cash Election Amount(s) (if applicable) or to make the applicable Equity Milestone Issuance. For purposes of licenses granted to Cronos under Article 4, the Cannabinoid to which such terminated TDP applied shall be deemed a Non-Target Cannabinoid (and not a Cronos Product or a Target Cannabinoid) under this Agreement, and two (2) years following the date of the termination of such TDP, the exclusive collaboration provisions of shall expire for such Cannabinoid according to the terms set forth in Section 2.7.

(i) Notwithstanding the foregoing, if Ginkgo or its JSC representative makes a “Go” decision for such TDP that is not agreed to by Cronos, then such TDP shall not be terminated, but Cronos shall have no obligation to pay Ginkgo any applicable Milestone Achievement Payment(s) or any Milestone Cash Election Amount(s) (if applicable). Ginkgo shall retain the right to achieve the applicable Equity Milestone Issuance for a period of five (5) years from Ginkgo’s “Go” decision date. Ginkgo shall present the work on the Target Cannabinoid to the JSC every six (6) months for a re-determination of status of the TDP pursuant to this Agreement.

(ii) Notwithstanding the foregoing, in the event of a “No-Go” decision for such TDP, or in the event that a “No-Go” decision is automatically in effect pursuant to this Section 8.2, the TDP will be terminated, and Cronos may within thirty (30) days accelerate and pay all remaining applicable Milestone Achievement Payments and make fifty percent (50%) of the applicable Equity Milestone Issuance or payment of fifty percent (50%) of the applicable Milestone Cash Election Amount, as elected by Ginkgo, as if all Milestones applicable to such Target Cannabinoid had been achieved. In the event of such payments and issuance, as applicable, all licenses granted pursuant to Article 4 with respect to such Cannabinoid will be reinstated (i.e., the Cannabinoid will be deemed a Target Cannabinoid and will not be deemed a Non-Target Cannabinoid), and the exclusive collaboration with respect to such Target Cannabinoid will remain in place for five (5) years pursuant to Section 2.7(c).

(c) “Pause” decision. If, by unanimous decision, the JSC makes a “Pause” decision, the TDP for a particular Target Cannabinoid will be suspended for period of time unanimously agreed upon by the JSC, at the end of which a “Go” or “No-Go” decision must be made. During this “Pause” period, Cronos will have no obligation to pay Ginkgo any Milestone Achievement Payment or any Milestone Cash Election Amount (if applicable) or make any Equity Milestone Issuance applicable to such Cronos Product or any Foundry Access Fees in respect of any Calendar Quarter if all TDPs existing for such Target Cannabinoid during such Calendar Quarter are on “Pause”. For the avoidance of doubt, a “Pause” will have no effect on the license rights and exclusive collaboration obligations applicable to such Target Cannabinoid and set forth herein.

The Parties hereto understand and agree that remedies at Law may be inadequate to protect against any breach of any of the provisions of this Article 9 by either Party or their employees, agents, officers or directors or any other person acting in concert with it or on its behalf. Accordingly, each Party shall be entitled to seek injunctive relief from any court of competent jurisdiction against any action that constitutes any such breach of this Article 9.

#### 10.3 Limitation of Liability; Disclaimer.

(a) NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY CLAIMS FOR CONSEQUENTIAL, SPECIAL, INCIDENTAL, PUNITIVE, BUSINESS INTERRUPTION, EXEMPLARY, OR INDIRECT DAMAGES OR LOST PROFITS, ARISING UNDER STATUTE, IN TORT OR CONTRACT OR OTHERWISE IN CONNECTION WITH OR RESULTING FROM THE PARTIES' PERFORMANCE UNDER THIS AGREEMENT. THE FOREGOING LIMITATION WILL NOT APPLY TO LIMIT EITHER PARTY'S LIABILITY WITH RESPECT TO (A) A PARTY'S BREACH OF THE CONFIDENTIALITY PROVISION IN ARTICLE 9, (B) A PARTY'S BREACH OF THE EXCLUSIVITY PROVISIONS IN SECTION 2.7 (B) A PARTY'S FRAUD OR WILLFUL MISCONDUCT, AND (C) THE OBLIGATIONS OF EACH PARTY FOR THE INDEMNIFICATION OF THIRD PARTY CLAIMS UNDER ARTICLE 11.

(b) EXCEPT FOR (A) A PARTY'S BREACH OF THE CONFIDENTIALITY PROVISIONS IN ARTICLE 9, (B) A PARTY'S BREACH OF THE EXCLUSIVITY PROVISIONS IN SECTION 2.7, (C) A PARTY'S FRAUD OR WILLFUL MISCONDUCT, (D) A PARTY'S BREACH OF ITS ASSIGNMENT AND TRANSFER OBLIGATIONS, AND (E) THE OBLIGATIONS OF EACH PARTY FOR THE INDEMNIFICATION OF THIRD PARTY CLAIMS UNDER ARTICLE 11, IN NO EVENT WILL EITHER PARTY'S LIABILITY TO THE OTHER FOR ANY CLAIM OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, NEGLIGENCE) FOR ANY LOSS OR DAMAGE ARISING OUT OF OR IN CONNECTION WITH OR RESULTING FROM THIS AGREEMENT OR FROM PERFORMANCE OR BREACH THEREOF EXCEED \$5,000,000.

## 11. INDEMNITY

11.1 Indemnification Obligations. Each Party (the “Indemnifying Party”) will defend, indemnify and hold the other Party (the “Indemnified Party”) and its Affiliates and its and their directors, officers, employees, agents and consultants and legal, financial, accounting and other advisors (“Related Persons”) harmless from and against any and all liabilities and damages (including reasonable attorneys’ fees) (“Losses”) resulting from any Third Party claims, demands, suits or proceedings (“Claims” or, if singular, “Claim”) to the extent arising out of or based upon: (a) in the case that Cronos is the Indemnifying Party, (i) the manufacture, use, handling, storage, sale or other disposition of the Collaboration Strains, Target Cannabinoids, or Cronos Products in the Territory by Cronos or its Affiliates or (sub)licensees, including product liability claims, (ii) any claim of infringement related to Cronos Background IP, or the formulation or blending or use of any Target Cannabinoids or Cronos Product by Cronos (iii) any breach by Cronos of any of its representations, warranties or obligations pursuant to this Agreement, or (iv) the fraud, gross negligence or willful misconduct of Cronos or any of its Related Persons, or (b) in the case that Ginkgo is the Indemnifying Party, (i) the Manufacture, use, handling or storage the Collaboration Strains by Ginkgo or any of its Related Persons, (ii) any claim of infringement related to Ginkgo Background IP, (iii) any breach by Ginkgo of any of its representations, warranties or obligations pursuant to this Agreement, or (iv) the fraud gross negligence or willful misconduct of Ginkgo or any of its Related Persons. The indemnification obligations set forth in this Section 11.1 do not apply to the extent that the Losses arise in whole or in part from the negligence, recklessness or willful misconduct of the Indemnified Party or any of its Related Persons, or from the material breach of any representation, warranty or covenant made or given under this Agreement by the Indemnified Party or any of its Related Persons.

11.2 Defense. Each Party will notify the other Party promptly upon learning of a Claim that is subject to indemnification pursuant to Section 11.1. Any failure to provide prompt notice will not relieve the Indemnifying Party of this obligation, unless the delay in providing notice results in actual prejudice to the Indemnified Party. The Indemnifying Party may control, at its own expense, the defense of the Claim with counsel of its choice as long as such counsel is reasonably acceptable to the Indemnified Party. The Indemnified Party will use reasonable efforts to cooperate in the defense and may participate at its own expense using its own counsel. No compromise or settlement of any Claim may be made by the Indemnifying Party without the Indemnified Party’s written consent unless (a) there is no finding or admission of any violation of applicable Law or any violation of the rights of any Person, (b) the sole relief provided is monetary damages that are paid in full by the Indemnifying Party, and (c) the Indemnified Party’s rights under this Agreement are not adversely affected.

11.3 Insurance. Each Party will obtain and maintain, during the Term and for a period of five (5) years thereafter, with a reputable, solvent insurer, general liability insurance (including liability for property damage, personal injury and contractual liability) with limits of at least US\$1,000,000 per occurrence and US\$2,000,000 in the aggregate and product liability and professional liability insurance with limits of at least US\$3,000,000 per occurrence and US\$3,000,000 in the aggregate. Upon request, a Party will provide the other Party with evidence of the existence and maintenance of such insurance coverage.

## 12. DISPUTE RESOLUTION; ARBITRATION

12.1 Resolution by Senior Executives. The Parties shall seek to settle amicably any and all disputes or differences arising out of or in connection with this Agreement. Any dispute between the Parties shall be promptly presented to the Chief Executive Officers (“CEOs”), or their respective designees, for resolution. The CEOs or their designee shall attempt in good faith to promptly resolve such dispute. For clarification, following presentation to such parties for resolution, any dispute within the JSC’s decision-making authority shall be finally decided in accordance with any final decision-making authority specified pursuant to Section 7.1(c).

## 12.2 Arbitration.

(a) General. Following compliance with Section 12.1, any disputes arising under this Agreement that are not exempted pursuant to Section 12.2(c) will be settled by arbitration administered by the American Arbitration Association in accordance with the then current Commercial Rules of the American Arbitration Association including the Procedures for Large, Complex Commercial Disputes, as modified by this Section 12.2.

(b) Number and Selection of Arbitrators. The number of arbitrators will be three (3), who will be selected as follows: each of Cronos, on the one hand, and Ginkgo, on the other hand, will choose one (1) arbitrator within ten (10) business days of either initiating or receiving notice of an arbitration (as the case may be), and those Party-appointed arbitrators will unanimously select one (1) chairman arbitrator within ten (10) business days of the appointment of the last Party appointed arbitrator. If the Party-appointed arbitrators are unable to agree upon the selection of the third arbitrator within ten (10) business days of the appointment of the last Party appointed arbitrator, such chairman arbitrator will be selected by the American Arbitration Association within ten (10) business days.

(c) Matters Exempted from Arbitration. Any disputes arising under this Agreement with respect to IP, including, without limitation, inventorship, ownership, validity, or enforceability of any IP will be resolved by a court of competent jurisdiction and not by arbitration. Any requests for equitable relief or remedies may also be brought in court. In either case, a court of competent jurisdiction is a state or federal court in Massachusetts. Cronos waives any objection to such jurisdiction and venue and agrees to submit to the jurisdiction of such court.

(d) Place and Language of Arbitration. The place of any arbitration will be Boston, Massachusetts, at a suitable venue to be agreed by the Parties and arbitrators within ten (10) business days of the appointment of the chairman arbitrator. The proceedings will be conducted in the English language.

(e) Binding Decision. The decision and award of the arbitral tribunal will be made by majority decision and will be binding on the Parties and their successors and assigns. The arbitral award will be written in English and accompanied by a reasoned opinion. The arbitral award may grant any equitable remedies that the arbitral tribunal deems just and equitable; *provided, however*, that no arbitral award may grant damages disclaimed pursuant to Section 10.3(a).

(f) Allocation of Costs. The decision and award of the arbitral tribunal will include a decision regarding the allocation of costs relating to any such arbitration. For purposes of this subsection, "costs" will include reasonable attorneys' fees and reasonable experts' fees actually incurred with respect to the arbitration proceeding.

(g) Period for Arbitration.

(i) The arbitration will be completed no later than ninety (90) days after the selection of the chairman arbitrator, unless the chairman arbitrator determines, at the request of any Party or on his or her own initiative, that such time period should be extended, in which case such time period may not be extended beyond an additional thirty (30) day period.

(ii) Each of Ginkgo and Cronos will be permitted to serve only one set of document production requests with a maximum of ten (10) requests and to take only up to three (3) depositions of the other Party, on dates and locations to be mutually agreed upon (or, failing such agreement, as the chairman arbitrator will select after hearing from the Parties), and to serve only up to two (2) subpoenas to non-parties for production of documents and/or for testimony. No interrogatories or requests for admission will be permitted. Any documents not in English that are produced by a Party will be accompanied by a translation into English, which translation will not be binding upon the other Party or the arbitrators. Each Party will make its employees, and will use commercially reasonable efforts to make its former employees, available for depositions and hearing testimony as requested by the other Party.

(h) Enforcement of Judgment. Judgment on the arbitral award may be entered in any court having jurisdiction thereof.

(i) Confidentiality. Except as required by applicable Law or as required for recognition and enforcement of the arbitral decision and award, the arbitrator may not disclose the existence, content or results of any arbitration hereunder without the prior written consent of the Parties, and the Parties agree that any such information will be considered Confidential Information hereunder. Any documents submitted to the arbitrators will be kept confidential and will not be disclosed, except that any such documents may be disclosed as permitted by this Agreement or in connection with any action to collect the award, or if any such documents are discoverable or admissible in any action in court having jurisdiction as provided for in this Agreement. Notwithstanding the foregoing, the Parties may disclose information about the arbitration to persons who have a need to know, such as directors, investors, attorneys, lenders, insurers, actual or potential collaborators, licensees, Sublicensees or corporate partners, or acquirors, and others who may be directly affected, provided that such persons are bound to keep such information confidential. Additionally, if either Party has stock which is publicly traded, such Party may make such disclosures as are required by applicable securities laws, but will use commercially reasonable efforts to seek confidential treatment for such disclosure.

(j) Statute of Limitations. The Parties agree that all applicable statutes of limitation and time-based defenses (such as estoppel and laches) will be tolled while the procedures set forth in this Article 12.2 are pending. The Parties will cooperate in taking any actions necessary to achieve this result.

### 13. MISCELLANEOUS

13.1 Force Majeure. Neither Party shall be charged with any liability for delay or failure in performance of an obligation under this Agreement to the extent such delay or failure is due to a cause beyond the reasonable control of the affected Party, such as war, riots, labor disturbances, fire, explosion, government act (e.g., promulgation of or change to a regulation or order or Law) or failure to act (e.g., failure to grant necessary approvals), embargoes, or (a “Force Majeure Event”). The Party affected shall give prompt written notice to the other Party of any material delay or failure to perform due to such causes and any reasonably expected duration of such circumstances, which shall be followed upon by a confirmatory letter. If the Force Majeure Event prevails for a continuous period in excess of six (6) months, the Parties shall enter into good faith discussions to agree upon such alternative arrangements as may be fair and reasonable.

13.2 Assignment. This Agreement or any of the licensed Intellectual Property that is the subject of this Agreement may not be assigned or otherwise transferred by either Party without the consent of the other Party; provided, however, that except with respect to any entity that practices or is otherwise engaged in the business of commercializing Cannabinoids, Ginkgo may, without such consent, assign this Agreement together with all of its rights and obligations hereunder to its Affiliates, or to a successor in interest in connection with the transfer or sale of all or substantially all of its business to which this Agreement relates, or in the event of its merger, consolidation, change of control, or similar transaction, subject in each such case to the assignee agreeing to be bound by the terms of this Agreement; and except with respect to any entity that practices or is otherwise engaged in the business of microbial engineering Cronos may, without such consent, assign this Agreement upon a Cronos Approved Change of Control. For greater certainty, the Parties agree that it would not be appropriate for Cronos to assign the rights and obligations of this Agreement or any of the licensed Intellectual Property that is the subject of this Agreement to an entity that practices or is otherwise engaged in the business of microbial engineering because, among other things, such an assignment would cause serious and irreparable damage and harm to Ginkgo, and its business and property. Any purported assignment in violation of the preceding sentences shall be void. Any permitted assignee or successor shall assume and be bound by all applicable obligations of its assignor or predecessor under this Agreement.

13.3 Severability. If any provision of this Agreement is held to be invalid or unenforceable, all other provisions shall continue in full force and effect, and the Parties shall substitute for the invalid or unenforceable provision a valid and enforceable provision which conforms as nearly as possible with the original intent of the Parties.

13.4 Notices. All notices, consents, waivers, and other communications under this Agreement must be in writing and shall be deemed to have been duly given when: sent by email (with written confirmation of receipt), *provided that* a copy is immediately sent by an internationally recognized overnight delivery service (receipt requested) to the appropriate addresses set forth below (or to such other addresses and email addresses as a Party may designate by notice):

13.5 Expenses. Except as expressly set forth in this Agreement or as may be specifically agreed to in writing by Ginkgo and Cronos, each Party shall be responsible for all costs and expenses it incurs in connection with this Agreement.

13.6 Applicable Law. This Agreement shall be governed by, enforced, and shall be construed in accordance with the laws of the Province of Ontario, Canada, and the federal laws of Canada applicable therein, without regard to its conflicts of law provisions. Notwithstanding the foregoing, any dispute or provision addressing any aspect of IP rights including, without limitation, inventorship, ownership, validity, enforceability, or other aspect of IP will be governed by, enforced and shall be construed in accordance with the federal laws of the United States of America.

13.7 Headings. The headings of Articles and Sections of this Agreement are for ease of reference only and shall not affect the meaning or interpretation of this Agreement.

13.8 Waiver. The failure of either Party in any instance to insist upon the strict performance of the terms of this Agreement shall not be construed to be waiver or relinquishment of any of the terms of this Agreement, either at the time of the Party's failure to insist upon strict performance or at any time in the future, and such terms shall continue in full force and effect.

13.9 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

13.10 Use of Names. Neither Party shall, without prior written consent of the other Party, use the name or any trademark or trade name owned by the other Party, or owned by an Affiliate or parent corporation of the other Party, in any publication, publicity, advertising, or otherwise, except as expressly permitted by Article 9.

13.11 Independent Contractors. Nothing contained in this Agreement shall be deemed to constitute a joint venture, partnership or employer-employee relationship between Cronos and Ginkgo, or to constitute one as the agent of the other. Ginkgo shall not be entitled to any benefits applicable to employees of Cronos. Both Parties shall act solely as independent contractors, and nothing in this Agreement shall be construed to make one Party an agent, employee or legal representative of the other Party for any purpose or to give either Party the power or authority to act for, bind, or commit the other Party.

13.12 Entire Agreement. This Agreement constitutes the entire agreement and understanding between the Parties with respect to the subject matter hereof, and supersedes all proposals, oral or written, confidentiality agreements, and all other communications between the Parties with respect to such subject matter, including without limitation the confidentiality agreement between the Parties dated as of March 28, 2018 (the "Existing Confidentiality Agreement").

13.13 Modifications. The terms and conditions of this Agreement may not be amended or modified, except in writing signed by both Parties.

13.14 Exports. The Parties acknowledge that the export of technical data, materials or products is subject to the exporting Party receiving any necessary export licenses and that the Parties cannot be responsible for any delays attributable to export controls which are beyond the reasonable control of either Party. Ginkgo and Cronos agree not to export or re-export, directly or indirectly, any information, technical data, the direct product of such data, samples or equipment received or generated under this Agreement in violation of any applicable export control Laws.

13.15 Further Assurances. Each Party agrees to do and perform all such further acts and things and shall execute and deliver such other agreements, certificates, instruments and documents reasonably necessary in order to carry out the mutual intent and accomplish the purposes of this Agreement and, at the other Party's reasonable request and expense, to evidence, perfect or otherwise confirm such other Party's rights hereunder.

13.16 Interpretation.

(a) Each of the Parties acknowledges and agrees that this Agreement has been diligently reviewed by and negotiated by and between them, that in such negotiations each of them has been represented by competent counsel and that the final agreement contained herein, including the language whereby it has been expressed, represents the joint efforts of the Parties hereto and their counsel. Accordingly, in the event an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provisions of this Agreement.

(b) Any reference to a "business day" shall mean any day except Saturday, Sunday, or any other day on which the principal chartered banks in either New York City or Toronto are closed for business.

(c) Unless the context requires otherwise, (i) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein or therein), (ii) any reference to any Laws herein shall be construed as referring to such Laws as from time to time enacted, repealed or amended, (iii) any reference herein to any person shall be construed to include the person's successors and assigns, (iv) the words "herein," "hereof," and "hereunder," and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, and (v) all references herein to Articles, Sections or Appendices, unless otherwise specifically provided, shall be construed to refer to Articles, Sections and Appendices of this Agreement.

GINKGO CONFIRMATION CERTIFICATE

To: **Cronos Group Inc.** (“Cronos”)

Reference is made to the Collaboration and License Agreement, effective as of September 1, 2018, between Ginkgo Bioworks, Inc. (“Ginkgo”) and Cronos (the “Agreement”). All capitalized terms used herein and not defined herein shall have the meanings given to them in the Agreement.

Reference is further made to the Equity Milestone Event that occurred on [date] and to the Equity Milestone Shares (the “Relevant Shares”) to be issued to Ginkgo pursuant to the Agreement in connection with such Equity Milestone Event.

Ginkgo hereby represents that, as of the date hereof:

1. It is an institutional investor outside of Canada that is an accredited investor within the meaning of Rule 501(a)(1), (2), (3) or (7) under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”), and is acquiring the Relevant Shares for its own account and not with a view to any resale, distribution or other disposition of the Relevant Shares in violation of United States federal or state securities laws;
2. It understands and acknowledges that the Relevant Shares have not been and will not be registered under the U.S. Securities Act or the securities laws of any state of the United States and that the offer, sale and delivery of the Relevant Shares is being made in reliance on Section 4(a)(2) of the U.S. Securities Act and exemptions from the registration or qualification requirements of applicable U.S. state securities laws;
3. It is not purchasing the Relevant Shares as a result of any general solicitation or general advertising (as such terms are defined in Regulation D under the U.S. Securities Act);
4. Except as may be required pursuant to the Agreement, it understands and acknowledges that Cronos is not obligated to file, and has no present intention of filing with the SEC or with any U.S. state securities regulatory authority, any registration statement in respect of resales of the Relevant Shares;
5. It understands that the Relevant Shares are “restricted securities” within the meaning of Rule 144(a)(3) under the U.S. Securities Act, will be issued in physical certificated form and not held in any depository in the United States or Canada and will bear a U.S. restricted legend to the following effect:

“THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT AND APPLICABLE SECURITIES LAWS OR PURSUANT TO ONE OR MORE EXEMPTIONS FROM REGISTRATION UNDER SUCH ACT OR SUCH LAWS.”;

it being understood that the legend may be removed by providing a declaration to the transfer agent for the Relevant Shares to the effect that the Relevant Shares will be sold in compliance with the requirements of Rule 904 of Regulation S or by providing an opinion of counsel (which may be in-house counsel) of recognized standing and reasonably satisfactory to Cronos, to the effect that such legend is no longer required under the U.S. Securities Act or state securities laws; and

6. It consents to Cronos making a notation on its records or giving instructions to any transfer agent for the Relevant Shares to implement the restrictions on transfer described herein.
